

**iGrafx<sup>®</sup> Announces Appointment of Ed Maddock to Chief Technology Officer**  
*Co-Founder of iGrafx, Ed Maddock, steps into CTO role to further company efforts to enhance its position as a recognized leader in the marketplace*

**Tualatin, OR.** — March 16, 2017 — iGrafx<sup>®</sup>, a leading provider of Business Process Management (BPM) solutions, announced the appointment of Ed Maddock to CTO, effective immediately. Maddock's appointment comes after already serving as VP of Process Management Solutions at iGrafx, with more than 25 years of experience in the BPM space.

"Following my appointment as CEO earlier this year, I immediately saw an opportunity to leverage Ed's twenty-plus years as an industry thought leader with our customers and partners," said Ryan Tognazzini, CEO of iGrafx. "Ed's expertise as an innovator of process management solutions makes him an incredible asset to organizations looking to optimize their performance through process management. In his new role, Ed will spend more time bringing his thought leadership and knowledge to our customers and industry."

As CTO, Maddock will maintain oversight of product development, including engineering and product management, continuing to drive our technology efforts forward. Through direct customer engagement, and management of analyst relations, Maddock will ensure alignment is forged between the industry, our customers and our product roadmap.

"I'm excited to further contribute to the future of iGrafx, and will continue to be an advocate for our customers by delivering the solutions they need to navigate through an ever increasing complex and competitive business environment. Based on my tenure in the BPM space, a key goal will also be to add positive influence to the evolution of our industry," said Ed Maddock, CTO of iGrafx.
