

iGrafx Named Category Leader for Business Process Management and Workflow Management Software by GetApp

Tualatin, Oregon - March 25 - iGrafx announced today it was named a Category Leader for both Business Process Management and Workflow Management software by GetApp. Category Leaders are designed to help small businesses evaluate which software products may be right for them.

“While iGrafx has been listed in many analyst market guides for years, what makes these awards truly special is that, unlike analyst papers, these are based on the actual voice of the customer.” Said Robert Thacker, Global Director of Product Marketing. “These reviews are the true testament to the user experience and support our we strive to deliver to our customers.”

Category Leaders is published on GetApp, the recommendation engine SMBs need to make the right software choice. Category Leaders rankings highlight top-ranked North American software products based on ratings from end-users in five key areas: ease of use, value for money, functionality, customer support, and likelihood to recommend.

Category Leaders for Workflow Management software is available at getApp.com.
